

This is to certify that

EDICOM - Intercambio Electrónico de Datos y Comunicaciones SL

C/Charles Robert Darwin 8, Paterna. CP 46980. Spain

Has been assessed
by Conor Rynne for DigitalXRAID Ltd
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Intercambio Electrónico de Datos y Comunicaciones SL ES Operations

Certification date: April 20th, 2017

Recommended re-assessment date: **April 19th, 2018**

Certificate no.: 7104517325398815

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
